

RTK Bridge®-X

CABLE-FREE CORRECTIONS

The RTK Bridge®-X Bluetooth Receiver enables wireless RTK corrections for Precision Agriculture and Machine Control. Avoid the time-consuming process of running cumbersome cables to your implements. Frees your equipment from the clutter of extra cables. Leverage the precision of RTK corrections with the convenience of Bluetooth connectivity. The weatherproof enclosure is designed to easily install and effortlessly pair to the RTK Bridge®-X.

RTK Bridge®-X Delivers Unrivaled Access to Cellular RTK Corrections Combined with Internet Access, WiFi, and Remote Support

- Simple intuitive set-up, right out of the box
- Wireless configuration via phone, tablet or laptop
- Automatically connects to the Internet and begins delivering RTK corrections
- Compatible with major precision agricultural equipment
- Built to withstand the toughest conditions - ruggedized, waterproof enclosure
- No long-term contracts

Intuicom's RTK Bridge®-X is loaded with features delivering accuracy and connectivity others can't match.

RTK

Delivering the highest degree of guidance accuracy available, even on hilly terrains

WiFi HOTSPOT

Wireless Internet connectivity to all devices on your network (smart phones, tablets, laptops)
Port-forward connectivity and remote access functionality

CELLULAR

Enterprise-caliber cellular connectivity - delivering signal availability where others cannot

INTERNET

Access e-mail, send files and perform all your Internet-based tasks

ETHERNET INTERFACE

Connect to any ethernet-based device (laptops, base stations, etc.)
Provides for configuration, port forwarding and remote access

BLUETOOTH

Delivers RTK corrections wirelessly via Bluetooth connectivity
Avoid the time-consuming process of running cumbersome cables to your implements and guidance systems

Intuicom Remote Support

Maximize your time in the field with the Intuicom Remote Support option. With this service, one call to Intuicom does it all. We'll remotely access your RTK Bridge®-X and ensure your configuration is correct and look for ways to quickly improve any performance issues.

RTK Bridge®-X: When you can't afford to compromise your position™.
